# SOCCER GAME

Made in Thailand exclusively for The Home Depot by Houseworks, Ltd.  
2388 Pleasantdale Road, Atlanta, GA 30340 · 71134 · Thailand 0320

**Contents:**

- ALSO NEEDED:**
- Fine Sandpaper
  - Wood Glue
  - Hammer
  - #2 Phillips Screwdriver

**Assembly:**

Start with sanding each wood piece to remove any rough edges. Remember to sand in the direction of the wood grain. Glue and nail the pieces together. Allow glue to completely dry.

**Step 1** — Lay one of the long side pieces down. Add a thin line of glue to the top edge. Place a front corner of the base on top. Make sure front and side edges are even. Using 2 short nails, nail them together. Repeat to attach the other long side piece.

**Step 2** — Stand one of the short side pieces up on the long edge with the dowel hole close to the bottom. Add a thin line of glue to the top edge. Place the base assembly on top and against one of the long side pieces. Make sure the dowel hole is next to the long side piece and edges are even. Using 2 long nails, nail them together. Repeat to attach the other short side piece.

**Attention:** If you are painting the project, paint only the base assembly. Don't paint the backboard, dowel or goalie. Allow the paint to dry completely.

**Step 3** — Add the stickers to the backboard and goalie.

**Step 4** — Match the screw holes in the backboard to the screw holes in the short side pieces. Using a #2 Phillips Screwdriver, attach them together with 2 screws.

**Step 5** — Insert the dowel from one side. Carefully push the goalie through the dowel. Slide the dowel into the other side. Adjust the goalie to the center of the dowel.
