ALSO NEEDED:

- Fine Sandpaper
- Wood Glue
- Hammer

Assembly:

Start with sanding each wood piece to remove any rough edges. Remember to sand in the direction of the wood grain. Glue and nail the pieces together. Allow glue to completely dry.

Step 1—Lay both top and bottom pieces flat with nail holes facing up. Start 8 nails.

Step 2—Stand both side pieces up on the short edges. Add thin lines of glue to the top edges. Place the bottom piece on top. Make sure outside edges are even. Nail them together.

Step 3—Turn the project over. Repeat to glue and nail the top piece.

Attention: If you are painting the project, paint and let dry completely before adding the stickers and plastic tubes.

Step 4—Add the stickers as you like. Place a plastic tube in each of the 3 holes.

At Home: Add a little water and flowers in the plastic tubes.
