MINI TABLE TENNIS

Made in Thailand exclusively for The Home Depot by Houseworks, Ltd.
2388 Pleasantdale Road, Atlanta, GA 30340 · 71148 · Thailand 0521

Contents:

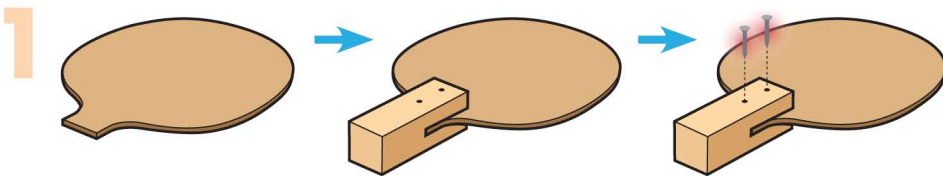

ALSO NEEDED:

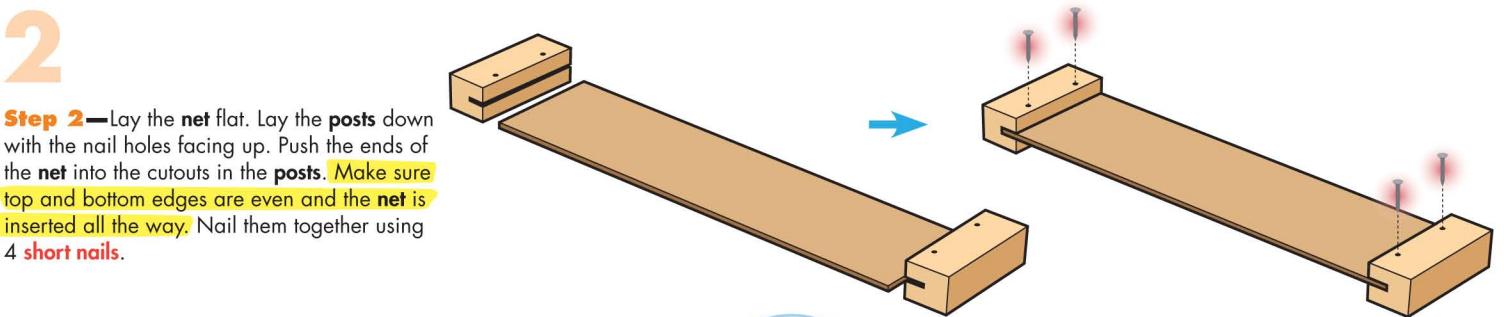

- Fine Sandpaper
- Wood Glue
- Hammer

Assembly:

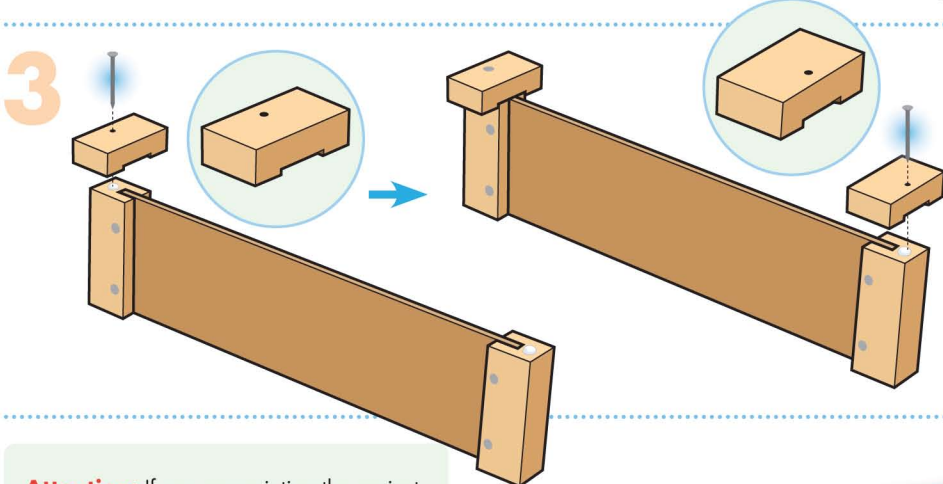

Start with sanding each wood piece to remove any rough edges. Remember to sand in the direction of the wood grain. Glue and nail the pieces together. Allow glue to completely dry.

Step 1 — Lay a blade flat. Push the tab into the cutout in a handle. Make sure side edges are even and the blade is inserted all the way. Nail them together using 2 short nails to make a paddle. Repeat to make another paddle.

Step 2 — Lay the net flat. Lay the posts down with the nail holes facing up. Push the ends of the net into the cutouts in the posts. Make sure top and bottom edges are even and the net is inserted all the way. Nail them together using 4 short nails.

Step 3 — Stand the project up. Add a dot of glue to the top edge of each post. Pick up a base with the cutout side facing down. Fit the cutout onto one of the posts with the nail hole close to the outer edge. Make sure side edges are even. Nail it in place using a long nail. Repeat to attach the other base.

Attention: If you are painting the project, paint and wait to dry completely before adding the stickers.

Step 4 — Add the sticker to each side of the net.
