Assembly:

Start with sanding each wood piece to remove any rough edges. Remember to sand in the direction of the wood grain. Glue and nail the pieces together. Allow glue to completely dry.

Step 1 — Lay both side pieces flat with the nail holes on top. Start 2 long nails.

Step 2 — Stand the base piece up. Add a thin line of glue to the top edge. Place one of the nailed side pieces on top. Make sure sides and bottom edges are even. Nail them together. Turn the project over and repeat to attach the other side piece.

Step 3 — Lay the project down as pictured. Add thin lines of glue to the top edges. Place the tree shape on top. Make sure sides and bottom edges are even. Using 4 short nails, nail them together.

Attention: If you are painting the project, paint and wait to dry completely before applying the stickers.

Step 4 — Apply the stickers as follows.

First "Date" block: Apply the first group of number stickers, 0, 1, 2, 3, 4 and 5

Second "Date" block: Apply the second group of number stickers, 0, 1, 2, 6, 7 and 8 (use the 6 upside down for 9)

Tree shape: Apply the tree sticker

Base: Apply the "Days to Christmas" sticker
