

WARNING: CHOKING HAZARD

Toy contains small parts and functional/sharp points.
Not for children under 4 years old.
Adult supervision required.

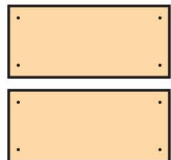

FISHING GAME

Made in Chonburi, Thailand exclusively for The Home Depot by Houseworks, Ltd
2388 Pleasantdale Road, Atlanta, GA 30340 • batch #171109 • date: 03/18

Finished example.

Contents:

2 Ends

2 Sides

1 Bottom

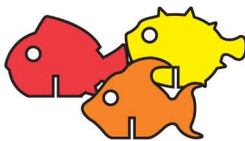

1 Dowel

1 Piece of String

1 Hook

3 Foam Fish

3 Foam Fins

8 Long Nails

6 Short Nails

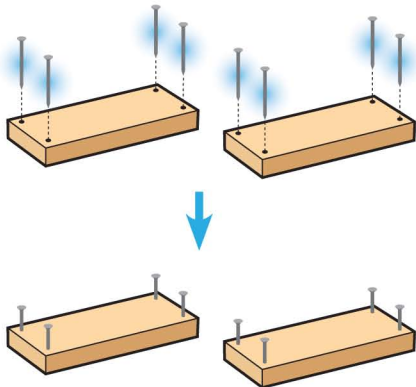

ALSO NEEDED:

- Safety Goggles
- Fine Sandpaper
- Wood Glue
- Hammer

Assembly:

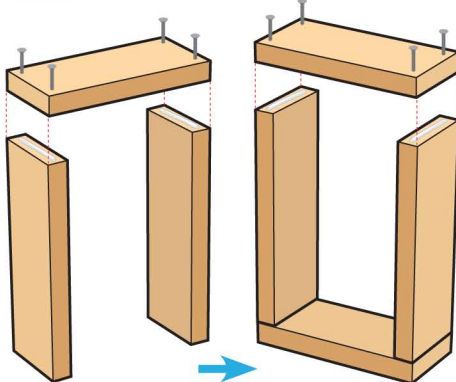

Start with sanding each wood piece to remove any rough edges. Remember to sand in the direction of the wood grain. Glue and nail the pieces together. Allow glue to completely dry.

1

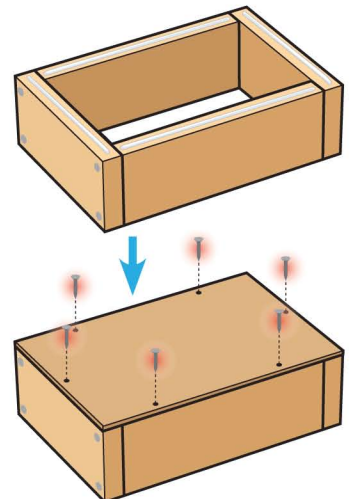

Step 1—Lay both end pieces flat with the nail holes on top. Start 8 long nails.

2

Step 2—Stand both side pieces up. Glue one of the end pieces on top. Make sure outside edges are even. Finish nailing. Turn the project over and repeat to attach the other end piece.

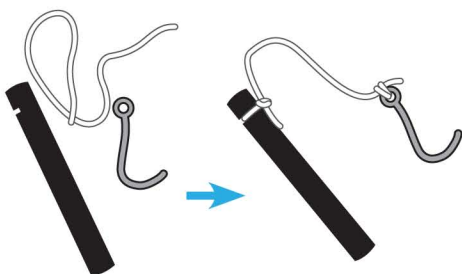

3

Step 3—Lay the project down. Glue the bottom piece on top. Make sure all edges are even. Using 6 short nails, nail it in place.

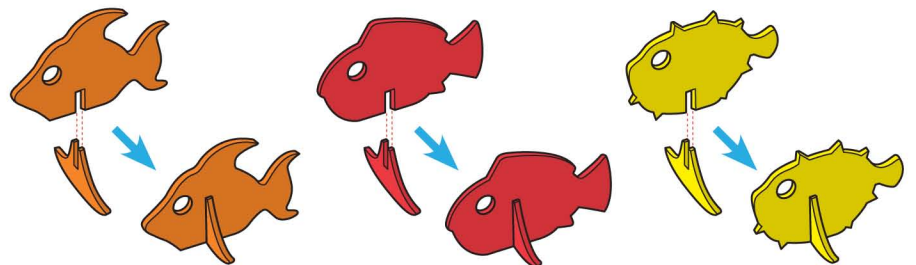

Hint: If you are painting the dowel, paint and wait to dry completely before adding the string.

4

Step 4—Tie one end of the string to the cutout in the dowel. Tie the other end to the hook.

5

Step 5—Slide the foam fins to the foam fish. You can use a little paint to decorate the fish. You can also use permanent markers to draw on the fish at home.
